Option 3

Pros	Cons

Pros	Cons

Pros	Cons

Option chosen: _____

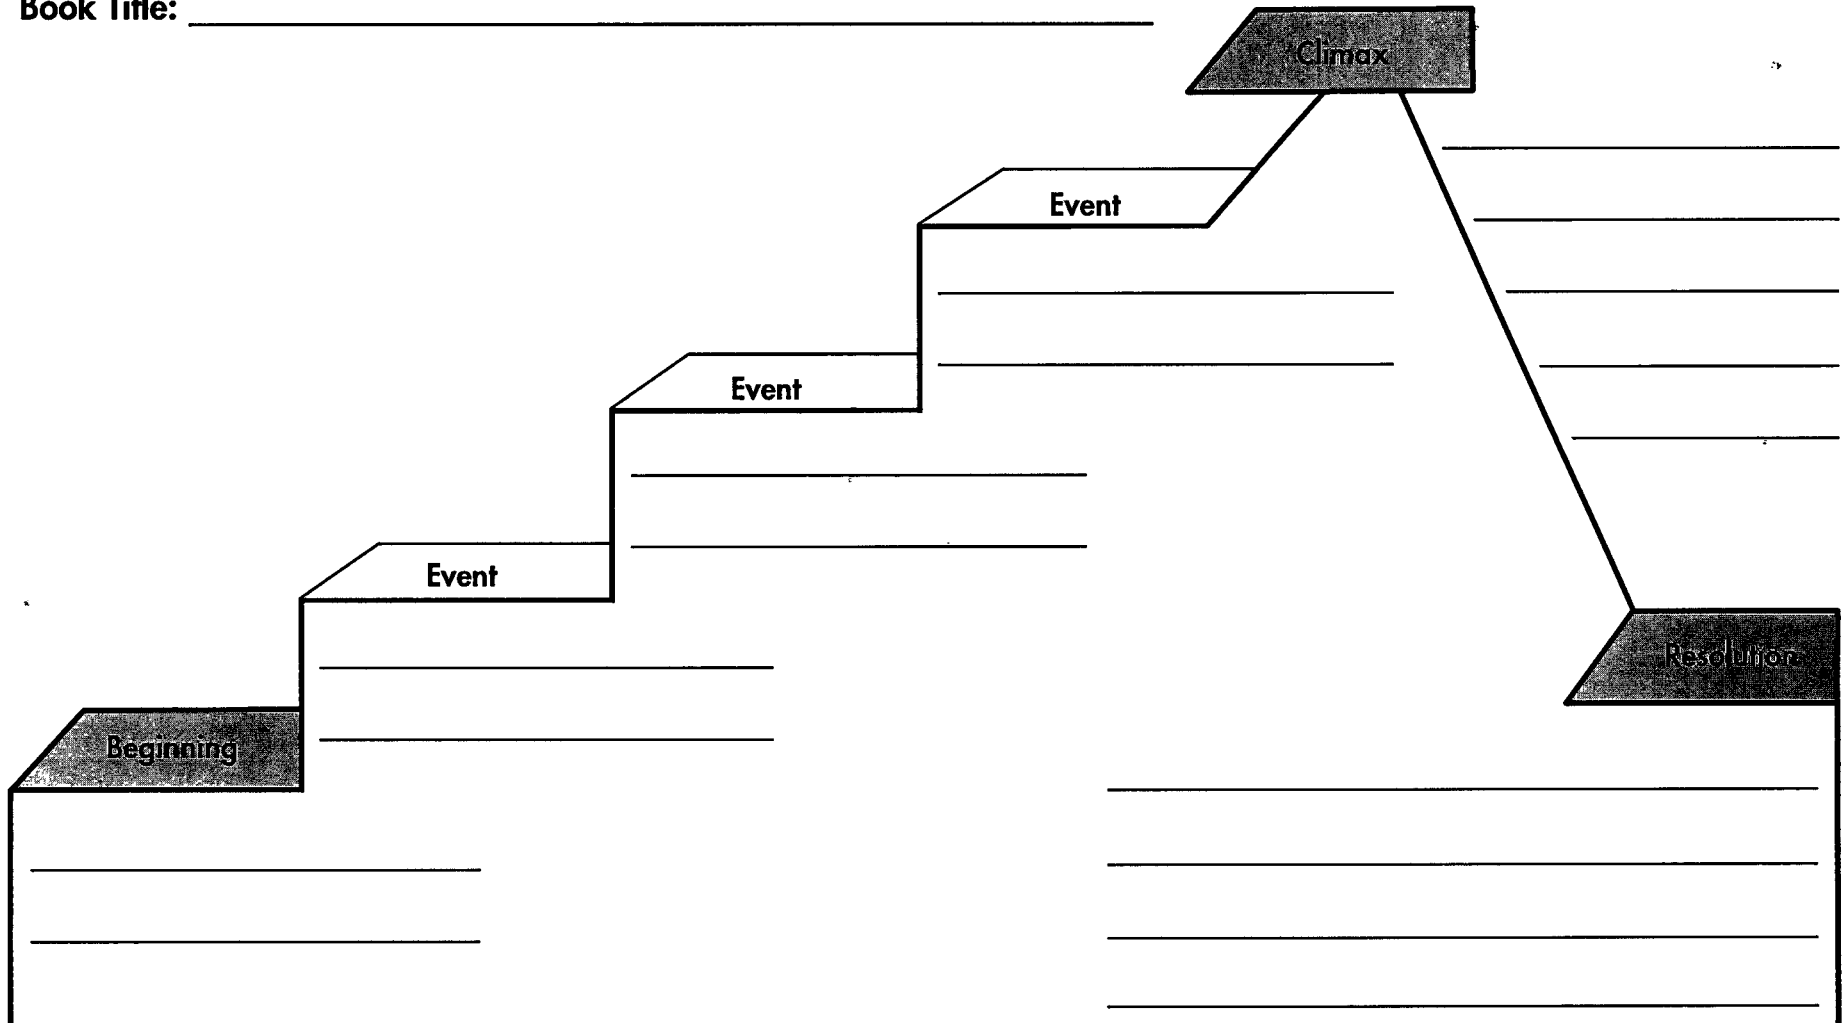

Reasons: _____

Predicted/possible outcomes: _____

Name _____

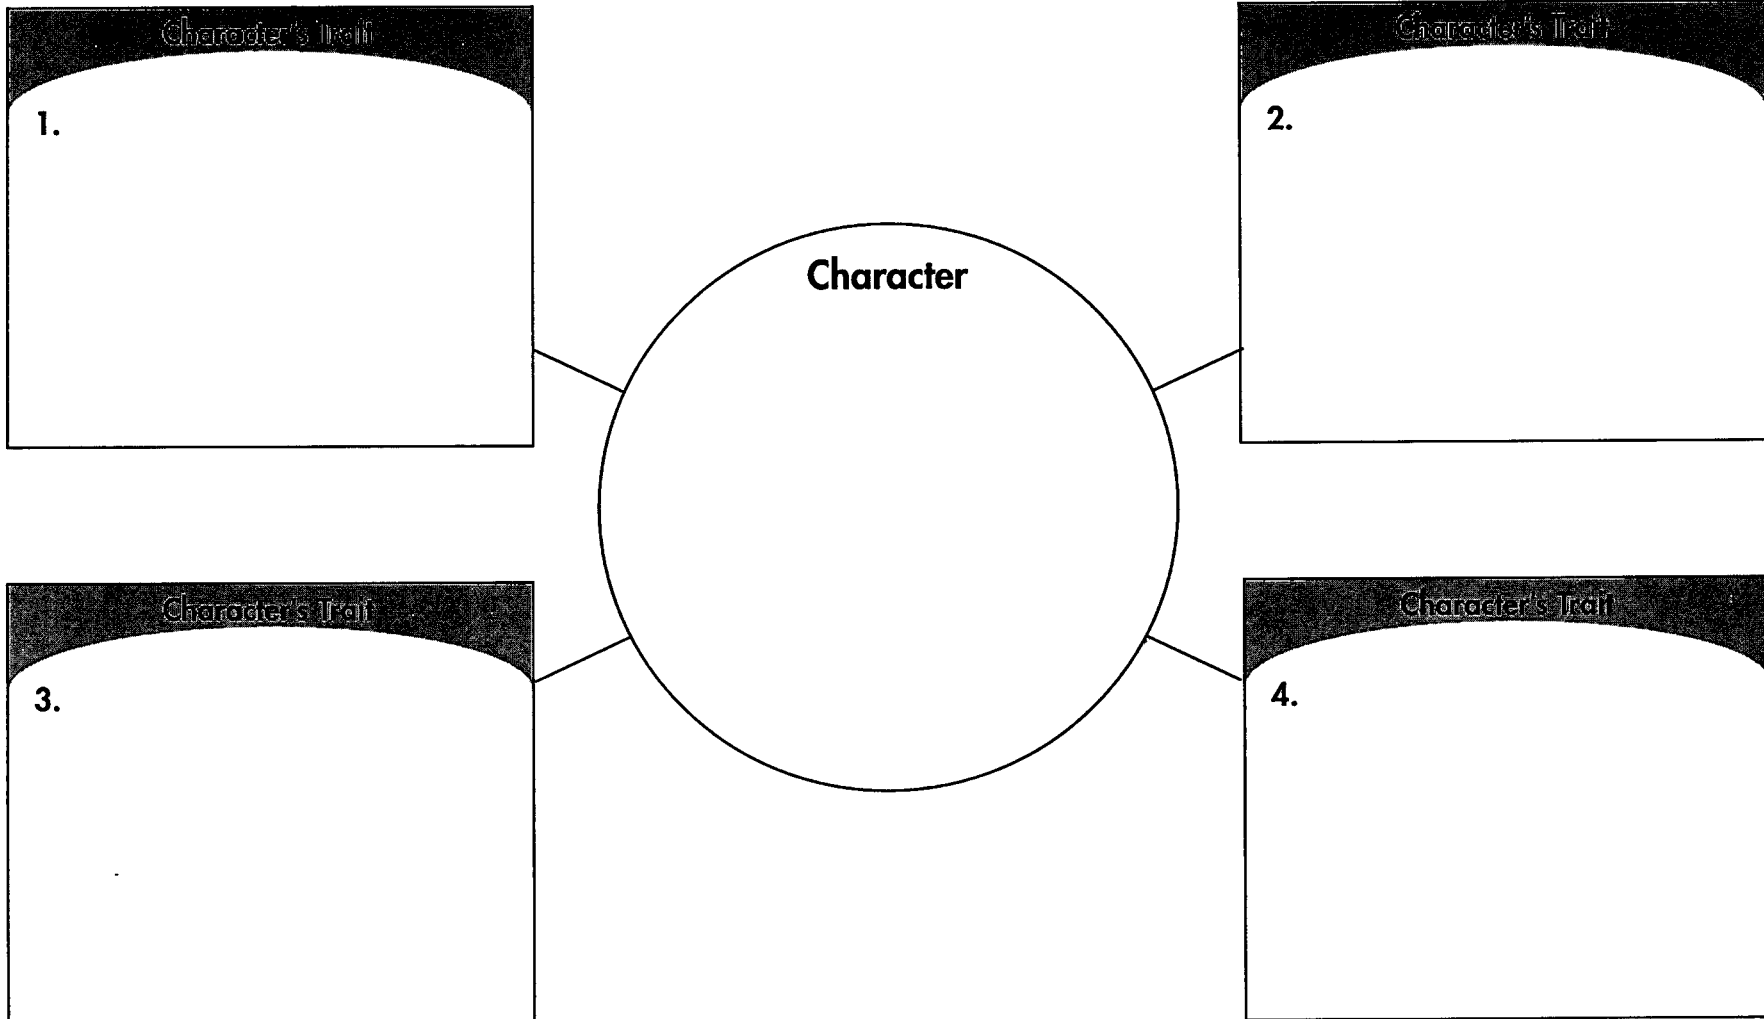

Instructions: Write information about the beginning, the events, the climax, and the resolution of the book in the correct spaces on the plot map.

Book Title: _____

Name _____

Instructions: Draw a picture or write the character's name in the center circle. In the boxes, list four of the character's traits.

Name _____

Instructions: Write the main characters' name in the center box and the other character's names in the *Minor Character* boxes. In the corner boxes, explain how the minor characters relate to the main character.

Book Title: _____

The graphic organizer consists of a central box labeled "Main Character" with a horizontal line for writing. Four boxes labeled "Minor Character" are arranged around the center box, each connected to it by a line. Each "Minor Character" box is connected to a larger box labeled "Relationship to Main Character" by a line. The "Relationship to Main Character" boxes are positioned at the top-left, top-right, bottom-left, and bottom-right corners relative to the central box.

Name _____

Instructions: As you read, list causes in the left column and their effects in the right column.
